- ✓ Eliminates 1" of Muck Per Month
- ✓ Converts Muck into an Odorless Gas
- ✓ Perfect for Beaches and Shorelines

Safe for
Fish, Pets &
Horses

POND™
VALUE

It Works or Your Money Back™

Easy to Use
Sinking Tablets

Treats 40' of Beach or Shoreline for 6 Months

Net Contents: 6 LBS / 2.72 KG (approx. 48 tablets)

Before

After 3 Months!

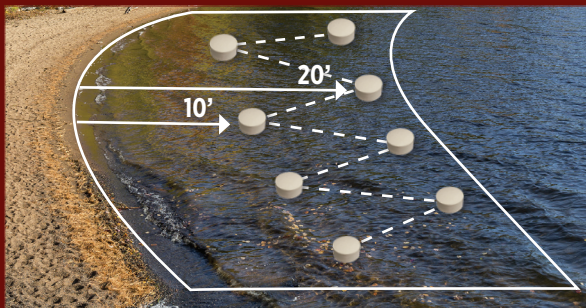

HOW TO USE:

Select an area along the shoreline or beach where muck is a problem. Simply toss one tablet for every 10' of shoreline in an alternating pattern (see diagram below). Repeat every 2 weeks.

WHEN TO USE:

For best results, begin in early spring and apply when water temperatures are above 50°F.

TIP:

Raking leaves, sticks, plant growth and other debris from your beach area will greatly reduce the return of muck buildup.

Other Great Products From PondValue™:

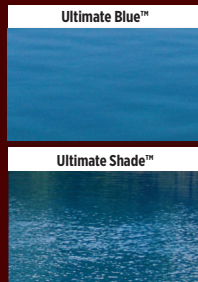

Ultimate Pond Clarifier:

- Improves Water Clarity
- Reduces Pond Maintenance
- Promotes a Healthy Ecosystem

Ultimate Pond Dye:

- Shades pond water a deep blue
- Keeps pond water clear and healthy
- Ready to use, self-dispersing dye

HOW IT WORKS:

Ultimate Muck Reducer is a special blend of highly concentrated natural bacteria and enzymes designed to eliminate muck and sludge from the bottom of the pond. Over time organic waste from dead vegetation, leaves, twigs and fish waste build up on the bottom of the pond causing water clarity problems. Ultimate Muck Reducer works to rapidly combat this accumulating dead organic waste, dissolving it into an odorless gas that escapes out of the water column unnoticed. Ultimate Muck Reducer can eliminate up to 1" of muck per month.

STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow it to freeze. Wash with soap and water after use.

WATER USE RESTRICTIONS:

Ultimate Muck Reducer may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with Ultimate Muck Reducer may be used for recreation, fishing and other activities immediately after treatment. Do not apply to water that will be used for human consumption.

ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. PondValue™ is not responsible for any loss of aquatic life.

**Safe for fish, pets, horses, livestock, birds, wildlife,
recreational ponds and the environment.**
